

An Odesa band playing alternative metal and nu metal, with Ukrainian lyrics about people, war and the world around us.

ALTERNATIVE METAL / NU METAL

ABOUT

Founded in 2016 by vocalist Oleksii Krokhamaliuk. The band started out with pop rock and funk; the sound grew heavier when guitarist Pavlo Ivanov joined, and took its final shape with drummer Pavlo Molchynikolov and bassist Dmytro Dashevskyi.

In 2021 the band released its debut Ukrainian-language concept album «Не чекай» (Don't Wait), in two parts. The songs deal with human relationships, war, ecology and social issues. The band has repeatedly played in fundraisers supporting the Armed Forces of Ukraine.
